## Perio Health Institute Japan Advanced Course Houston Texas 2019

Dear Colleagues:

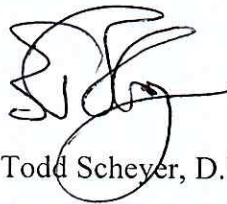

We are excited to formally announce our 2019 Perio Health Institute Japan Advanced Course which will take place in Houston, Texas, March 1-7, 2019. It will be an educational event like no other. As usual, this course will be a combination of lectures followed by live surgeries, bringing the lecture material to life as we use it to improve the dental health of our patients. You will have the opportunity to view these surgeries through a live video feed and over the clinicians shoulder. We have also arranged for you to visit a number of dental offices which will help you understand how different dental disciplines can work together to provide the best care for our patients. We will also take you on a tour of the University of Texas Dental School to experience how US dentists are trained. While we are coming to Houston to learn, there will also be plenty of time for networking, fellowship, and fun. We will begin with a welcome party and end with a certificate ceremony where you will receive your recognition of achievement. We have also arranged for special international passes to the world famous Houston Rodeo. Your international badge will provide access into areas of the rodeo that are reserved for special guests. We will spend an afternoon enjoying the livestock show and carnival followed by the evening performance of the Rodeo where you will see world famous cowboy rodeo champions and listen to a country western music star.

Clearly this is not a meeting you will want to miss. We encourage you to register soon as attendance will be limited. We look forward to seeing you in Houston.

Sincerely,

Michael K. McGuire, D.D.S.

E. Todd Scheyer, D.D.S., M.S.
