PHIJ: Perio Health Institute Japan

Dear Members of the PHIJ Study Club,

On behalf of Boston University Henry M. Goldman School of Dental Medicine (GSDM), I would like to thank you for your visiting our school and attending the continuing education program on Saturday, September 9, 2017. As you may know, GSDM is the first dental school in the nation to transition entirely into seamlessly integrated digital dentistry. With the implementation and incorporation of digital dentistry into the curriculum and the oral healthcare provided to our patients, GSDM has committed itself to providing state-of-the-art technology to its students, faculty, staff, and patients, and fostering its use by practitioners in the community.

During your visit, the following activities are planned:

- Embark on a tour of the GSDM building and clinics
- Lecture from Dr. Kikuchi, Clinical Assistant Professor, Department of General Dentistry Practice Leader, Pre-doctoral Patient Treatment Center
- Lecture from Dr. Hirayama, Director of the Advanced Specialty Education Program in Prosthodontics, Department of Restorative Sciences & Biomaterials

At the end of the day, the participants will be given certificates of attendance to document their visit.

If you have other activities that you would like to request, we are happy to work with your group to accommodate. Please feel free to contact us with any other questions you may have.

We look forward to working with you.

Sincerely,

A handwritten signature in black ink, appearing to read "Gurjinder Gill".

Gurjinder Gill  
Director, Continuing Education  
Boston University Henry M. Goldman School of Dental Medicine
